Re: Time Extension, ECDC Environmental LC, ECDC Clay Mine, M/015/062, Emery County, Utah

Dear Mr Olson:

On February 28, 2000, the Division received your request for more time to respond to our review of the recently submitted ECDC NOI. The Division will approve an additional 30 days, until April 3, 2000, to submit your response. This extension is approved to assure that the response to our review will be complete and all items requested will be satisfactorily addressed.

Please be aware that a new Reclamation Contract will need to be signed by ECDC once this plan is approved. The legal description and reclamation specifics of the original plan will not sufficiently address the changes made by this new NOI.

Thank you for your timely request for this extension.

Sincerely,

A handwritten signature in black ink, appearing to read 'Anthony A. Gallegos'.
